Speech To Yale Grads

Note the faculty sitting
in a block, head-
ed by administrators,

the staff along the aisles
who have put every-
thing together, the police

officers who direct your
cars, the many many others
making this day go smoothly.

As you Go Forth never forget
the advice given the clueless Ox-
ford chap entering the real world

in the film I'm All Right Jack:
“Always be keen on work

by others.”
